

CERTIFICATION

BS EN ISO 45001:2018 Health and Safety Management Standard

We offer certification to the global health and safety management system standard.

We offer certification to the global health and safety management system standard.

What is it?

ISO 45001:2018 is the global standard for health and safety management systems. It reflects current safety management trend and techniques and replaces up to 24 national safety standards around the world, including OHSAS 18001.

Who is it for

Any organization that is seeking to adopt a contemporary framework for their occupational health and safety management system, and who may also require external certification to confirm alignment with the new standard.

Why the audit is right for your organization

Undertaking the ISO 45001:2018 audit enables you to:

- Align your occupational health and safety management arrangements to current international trends
- Improve performance by implementing the latest health and safety management techniques
- Promote a positive health and safety culture within your organization.

Why choose us?

Our audit and consultancy services are internationally recognized and are the best way to ensure your wellbeing systems (and associated arrangements) are suitable for your business requirements, promote continual improvement and are effectively implemented.

As part of our own quality control processes, we ensure:

Our audit and consultancy products are regularly reviewed to meet customer needs, expectations and sector best practice. Consistently high standards of service are achieved through a robust quality assurance process including auditor standardization, training and performance monitoring. Our technical specialists serve on strategic committees for occupational health, safety, environmental and wellbeing standards. We have a unique internationally recognized best practice (Five Star) audit process. Industry recognition from awards such as the prestigious Shield, Sword or Globe of Honour.
